Book review: Through the Eyes of the Horse by Carlos Tabernaberrri

Reviewed by Lisa Graham Peterson

Humans and horses have built an incontrovertible bond over some 6,000 years now. Those who prefer paddocks over patios don't look to explain this connection, although 105 million search results for the phrase suggests otherwise. Paddock people like me do search for a deeper understanding of this bond to guide them with practical tools

for a better horse-human relationship. Bonus? A touch of inspiration. I found all that in *Through the Eyes of the Horse* by Carlos Tabernaberi (Moonrise Media).

Argentina-born to three generations of horsemen, Carlos established himself as a world-class trainer in Australia. His approach is revolutionary and horse owners asked, "Why don't you write a book?" So, he did. That was 2006, but rest assured, *Through the Eyes of the Horse* is timeless. His advice today stands the test of time.

This is not a long book – 144 pages – but it can be the tome you're looking for to combine a philosophical approach with practical lessons in one volume. For those who desire a ready reference, you can keep this as a handy read with straightforward writing, scannable graphics and sidebars, and 167 invaluable "how-to" color photos. It is a text for those who'd rather be riding than reading.

For those desire the deeper "why" behind the "what" this book delivers as well. Carlos wouldn't be true to himself if he didn't spend the first part of the book helping you to understand that ... well, frankly ... it's not about you, it's about your horse. Your horse is still operating on 50 million years of DNA and has no interest in your resume. Your horse needs to understand why a predator rides its prey. Horses want you to walk in their hooves for a bit and see the world through their eyes.

Carlos helps you do that.

SEARCHING FOR BOOK REVIEWERS:

Do you love to read books about horses and their lives with humans? Both nonfiction or fiction? Do you like to tell your friends, family, and social media buddies about what you're reading? Arabian Horse Travel is looking for writers -- budding and otherwise -- who would like to try their hand at reviewing the many horse books that are shared with me by authors and publishing companies. In exchange, you'll get a published writing sample of your work to use as you choose (e.g., as a resume builder, for social media influence) posted on this site, on AHT social media, and in the AHT newsletter. Reach out to me, Janet, on the Contact page. Thanks.
